Attention: Shabbir Hakim, Executive Director

Dear Mr. Hakim:

**Re: Acceptance to Section 233(2) of Alberta Occupational Health & Safety
Code 2009**

Thank you for your request to extend an acceptance to Sec 233(2) of the Alberta Occupational Health & Safety Code 2009 (“Code”), issued on Feb 17, 2010. A new acceptance is granted with an expiry date based on the following conditions;

- This acceptance is being issued on the basis of confirmation that none of the conditions have changed since the last acceptance was issued on Feb 17, 2010.
- The previously issued acceptance to Sec 233 (2) of the Code is rescinded with immediate effect and this new acceptance will remain in effect until April 13, 2020 or such time as it is rescinded or legislative changes make it invalid or unnecessary.
- This acceptance letter is only valid for the safety footwear assessed to European Standard EN ISO 20345:2004 bearing a “CE” mark to indicate that it has been approved by an independent third party testing agency.
- Safety footwear must be rated as providing protection against additional hazards identified in the employer’s hazard assessment i.e. the need for sole puncture protection, metatarsal protection, electrical protection, etc.
- This acceptance applies only in Alberta to employer members of ACTIMS.
- This acceptance letter or a copy must be either posted at the work site or otherwise communicated to the affected workers.

This acceptance has been granted under the authority given to a Director of Inspection under Section 10 of the Occupational Health and Safety (OHS) Regulation *and* Section 34 of the *OHS Act*.

Sincerely,

Umer Sheraz
Director of Inspection
